

Hear what others are saying about Butter Braid Pastries™ Fundraisers

We are blessed that you help our small preschool participate in the Butterbraid fundraiser even though it is a small one. We don't use the incentives, touchpoint emails simply because we are so small. We love your product and want to continue to offer it to our families 2x per year. THANK YOU

Joel went above and beyond. He helped me set-up alphabetically to make the pick-up process go smoothly. He was always available to answer questions and was willing to assist in any way. He was a pleasure to work with!

Madeira Music Boostes
Madeira, Ohio

Joel is awesome! We've been doing this fundraiser for years, and this may have been the best one yet. We're a small group, but the incentive this year for selling 50 to get a gift card was a big motivator for some of our students.

Fairfield HS French Club
Fairfield, Ohio

This was our third year to participate in the Liberty fundraiser and we have had the same delivery person every time. Joel has been our contact rep every year, and he has done an amazing job at guiding us through the fundraiser and representing Liberty Fundraising. Hope to continue to work with him in the future..

We have had excellent service with Liberty Fundraising each year. I really like the orders being presorted for our students - very easy to distribute. Thank you for your hard work.

Joel was a pleasure to work with. He helped answer all questions and concerns I had throughout the whole process. This being MY first time doing a fundraiser, he was with me every step of the way and **didn't** make me feel like I was being a pest with all my questions. He made delivery a breeze with the items already being separated for the kids. That was a major plus and saved us a TON of time.
